

Weekly Plan/Journal

Week of: 10/22

Class Times	Monday	Tuesday	Wednesday	Thursday	Friday	Notes
9:45	Great class, assisted with class, gave feedback as the students played ultimate Frisbee	Everyone caught on quickly and stayed on task. Challenge them to throw to the open person, not just their friends when playing ultimate football	Use cones to mark starting spaces with the WU activity. It would make for quicker transition. Remind [redacted] to keep his body in control, especially around students who are smaller than him.	A few of the girls complained they weren't getting thrown to, so I stopped the class and reminded everyone to throw to the open person, not just friends.	[redacted] got a bloody nose; luckily an 8 th grader was able to walk her to the nurse because I couldn't leave the class. Make sure to bring a radio to every class.	
10:30	[redacted] said negative comments to others, remind him to say nothing if he has nothing good to say	[redacted] like to race down to the door after class which causes a big ruckus, so we made the whole class quietly walk to the doors in single file. They will have to earn the right to run from now on.	Great class! [redacted] worked great together, no major disputes during the game, and everyone listened. Encourage [redacted] and [redacted] to be more active, they tended to stick around one spot.	[redacted] and [redacted] were absent from class, which made for a much smoother time. [redacted] and [redacted] had a hard time staying engaged in the activity and needed continual reminders.	[redacted] and [redacted] had small issues so they had to be on separate teams. Great participation from the whole class. Listened well to instructions and stopped quickly when the game was over.	
12:00	Some of the students had a hard time staying engaged in the activity. They would participate after I gave them good encouragement	This class had a very hard time catching and throwing the footballs. Remind them to use short throws and use hands to catch	[redacted] and [redacted] had a hard time staying on task. [redacted] doesn't have any confidence in her ability to play so she would rather stand on the sidelines and watch.	[redacted] is very self-centered so he is constantly bickering about rules and minor issues. He needs continual reminders to stay cool and look past the mistakes.	This block had been having a hard time all day so about 8 kids missed the beginning of class because they were meeting with the assistant principal.	
12:45	[redacted] couldn't sit still during instruction time, remind the class that even though they are excited they need to work on keeping themselves in control	Much better class, all of the students performed great! [redacted] was not a problem at all during class.	[redacted] didn't want to throw to certain people because he didn't think they would catch the ball. Great participation among all of the students. Give [redacted] positive feedback.		Some of the students are having a hard time handling 2 weeks of ultimate Frisbee/football. They easily bicker over rules. Good thing we are starting a new unit on Monday.	Assign specific people to carry the equipment back to the school.
